This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Mr. H. GRANT'S ANNOUNCEMENTS.

THE SALE PRICES OF 1896.

AN Annual Report of Sales by Auction of Pictures, Drawings, M.S.S., Autographs, Coins, Arms and Armour, Prints, Plate, Pottery and General Objects of Artistic and Antiquarian Interest *Edited by* J. H. SLATER, Barrister-at-Law, Editor of "Book Prices Current," "Engravings and their Value," "Early Editions," "Round and about the Bookstalls," &c., &c.

This important publication will appear in Quarterly Parts, issued to Subscribers at **21/-** per Annum, Nett. The first part, which is now ready, contains much interesting matter based on a number of Sales by Auction of the highest class held in London since the first of January last, including the collection of Ancient and Modern Pictures, formed by Mr. J. Bird of Liverpool, a large assortment of Silver, collections of Engravings, the first part of the extremely important Cabinet of Coins and Medals, formed by the late Mr. William Boyne, F.S.A., Water Colour Drawings by Rowlandson, Nelson Relics formerly belonging to Lady Hamilton, the Chaloner-Smith collection of Mezzotints, the original Paston Letters from the Library of Mr. John Tudor Frere, Manuscripts and Autograph Letters of great interest from the Library of a Baronet, and much other property, a record of which cannot fail to prove of great and permanent value. The method adopted by the Editor of "Sale Prices" is to report all the important Sales by Auction held in London, exclusive of Book Sales, already effectively dealt with in "Book Prices Current," a highly successful periodical now in the tenth year of its existence, of which he is also the Editor. Such a description of each article

sold is given as will render it capable of identification, and the number of the lot in the Auctioneers' Catalogue, the prices paid and the purchasers names are also appended, together with frequent explanatory notes. With the last part, which will appear as early in January next as possible, an exhaustive index will be given, and the whole work will form a useful and accurate guide for the year to the principle Sales by Auction held in London.

The second part, comprising reports of a large number of most important Sales, including that of the Montague Collection of Greek Coins, held by Messrs. Sotheby during the last days of March, the late Lady Schreiber's unique Collection of Playing Cards and other property of the most varied nature, inclusive of a number of important dispersions of Pictures, Prints and Manuscripts, will be ready almost immediately.

The publisher cannot sell single parts, but Subscribers will be entitled to any parts already published, and to future parts as they appear.

The complete Annual Volume will comprise about 400 pages, demy 8vo. and Index. It is printed in the best possible style. by Messrs. Billing & Sons of Guildford, and in respect to appearance and get up leaves nothing to be desired.

The price to Subscribers is, as before stated, **21/-** Nett, to Non-Subscribers, **27/-** Nett, that being the price at which the Complete Volume will be published.

Intending Subscribers are recommended to apply to the Publisher as soon as possible, as the Subscription List will shortly be closed. A Prospectus will be forwarded on application.

THE CHURCH IN WALES:

(By J. H. SLATER, Esq., of the Middle Temple).

A SHORT ACCOUNT OF ITS ORIGIN, ITS DEVELOPMENT, AND ITS MATURITY, WITH A COLLECTION OF SPEECHES

ON THE

WELSH DISESTABLISHMENT QUESTION,

By Eminent Men in Church and State.

ILLUSTRATED. CLOTH, GILT LETTERED, 2/9 POST FREE.

OPINIONS OF THE PRESS.

"This little volume, valuable as it is as an aid to Church defence, is interesting in itself. People who want to be supplied with material for opposing the iniquitous Suspensory Bill, should write to the address given below."—*Bristol Times and Mirrow.*

"An admirable put together little book, dealing with such points as the establishment of Christianity in Wales, its development, the Church NATIVE NOT ALIEN, the Reformation, the rise of the Nonconformists and Nonconformity in Wales, and the present position of the Church in Wales. There are also quotations on the current controversy from LORD SALISBURY, the ARCHBISHOP OF CANTERBURY, and other eminent men. The publication is very timely, and deserves to be very generally read."—*Peterborough Standard.*
